ARISH BILAL AHMED

UI/UX Designer | Product Designer | Frontend Designer

Guwahati, India · 8854909224 · arishbilalghy@gmail.com · github.com/arishbilal-sudoko

PROFILE

Creative designer with hands-on experience in UI/UX design, visual design, frontend development, digital marketing, and customer-facing business operations. Experienced in taking ideas from wireframes and high-fidelity interfaces to prototypes, visual creatives, developer handoffs, and practical digital experiences. Currently working with SynthWeb, with a BCA background and a strong interest in product-focused design.

EXPERIENCE

SynthWeb — Product Design / UI/UX

Current

- Designed and refined web and product interfaces with attention to usability, visual hierarchy, and consistent interaction patterns.
- Created UI concepts, layouts, design assets, and marketing visuals for digital products and client-facing work.
- Used Figma workflows involving wireframes, high-fidelity screens, components, and prototypes.
- Collaborated with development and content teams to translate design decisions into practical digital experiences.

Computer Clinic — Digital Marketing & Business Operations

Guwahati

- Managed digital marketing, online presence, and customer communication for an IT services business.
- Helped attract new customers through promotional content, online visibility, and digital outreach.
- Improved the business's Google rating from 3.9 to 4.5 through review and customer-engagement efforts.
- Created promotional creatives for laptop and desktop repair, data recovery, and related IT services.
- Supported day-to-day business operations while developing practical insight into customer needs and business growth.

Freelance UI/UX Designer — Self-Employed

2023 – Present

- Designed mobile app and web UI screens in Figma, including interactive prototypes.
- Delivered wireframes, high-fidelity mockups, and developer handoffs.
- Developed small-scale websites and created promotional video and graphic assets for marketing campaigns.

Freelance Social Media Designer

2025 – Present

- Created social media content, product showcase graphics, and promotional creatives for an online ethnic-wear brand.
- Maintained consistent visual identity across social media and promotional materials.
